As you are aware, the Intelligence Community Staff is undergoing a reorganization, and the Security Committee will now be part of that action. MEMORANDUM FOR:

[REDACTED]
Director of Security

FROM : Deputy Director of Central Intelligence

SUBJECT : Leadership of Security Committee

STAT
STAT
I would like to thank you on behalf of the DCI and myself for your splendid service as Chairman of the DCI's Security Committee since 7 February 1980. This shift of the Committee to the IC Staff is not a reflection on your superb stewardship. Rather, it is that I believe Community functions such as this should be part of the IC Staff, and I do not want split responsibilities to detract in any way from your number one job of maintaining the best possible security for CIA. I know that you will work closely with [REDACTED] in the same professional and competent way you have conducted the Committee's business.
